

# THE DAY OF DAYS.

Victor Hamner

T.M. Stevens

1. The day of days will be the hour When Christ our Lord, comes back in pow'r, To catch a - way His bless-ed own, To live for aye a - round the throne.

2. The day of days will bring to earth A sa-cred hour, 'twill stop all mirth; The fool-ish then will learn their fate, "For-give my sins," they'll cry too late.

3. The day of days is draw-ing nigh To this old world we'll say good-bye; With Christ our King we'll go a - way, To shout and sing the live - long day.

The day of days will soon be here, The bless-ed time is draw-ing near; So let us watch and hope and pray, And be pre-pared for that great day.

The bless-ed time is draw-ing near; And be pre-pared for that great day.
